respectively.

Petitioner: T. Raghavendra
District Treasure Chick-
magalur.

Vide dy Commrs report

One Hallappa & another applied to the Amildar on 5.6.93 for orders to restore a breached Katté (survey No. 13, measuring 6 A & 29 guntas & bearing no assessment) for the purpose of irrigating their garden land below the Katté Sur No. 12 measuring 9 A & 36 guntas. When the Amildar was enquiring into the matter the petitioner's landlord objected to the proposed restoration on the ground that several of the petrs lands would be submerged thereby. The Dy Commr after inspecting the place gave an endorsement to the petr on 17.8.9 rejecting his petn & sanctioning the restoration of the Katté. A Much like was also taken by the from counter petitioners that they would so restore that the lands of the petrs may not be submerged

2

behind
apl 19 Rs Vern: Precis

WHITE PAPER

2 The Petrs then appealed to the Govt against this order on 5.9.93 on the ground, among others, that his Sur Nos 14 & 15 of the Sivaganga village & Sur No 38 of the Nachenahalli village both lying to the east of the Kattè & being on the same level with the bed of the tank would be submerged if the flow of water on the western side was stopped by the construction of the Kattè in question. After reading the report of the Dy Commr (which gives the facts of the case in full) the Govt passed the following order on 18.12.93

"The Dy Commr acted contrary to rules in ordering the restoration of the tank without the sanction of Govt. But as it has been restored at some expense, I would allow the Dy Commr to arrange for the lowering of the Kodi as proposed" viz, by 3 feet.

The petitioner was then given an endorsement on 12.1.94.

3 the petn. are stated in this letter of 8. Y. 30 that the Natives so materially relief under the said Govt. order as portions of this Dist. & Jessore suffering village & their garden lands are 35 & 37 acres this net land are 35 & Cuttack - Kalli village are inundated for a period of 2 or 3 months in a year; that if Engineering Officers had been consulted he would have obtained proper relief & that he has been complaining about the encroachment for these 3 years to the local Officers in vain; & praying for the removal of the present Nazir of the Katté Police is kept in the Letter dated 29 & 30 of the Embankment village & for its construction in a lower ground so that the storage capacity of the tank may be diminished. In 2. 4. 8. & the Petn. submitted to dul Khanjee Opr Darling, also that the Engineers the Genl. Govt. Orders & the Opr. Collr. instructed the Police on the 2. & 3. Opr. & Engr. Genl. Mahl. Genl. Mahl. Genl. Mahl

S

Continued

The report called for has been received.

In concurrence with the opinions of the Genl Asst Commr and the D.P.W. Sub Dn officer, the Dy Commr proposes the following arrangements

(1) Breaching of the bund of the Kattle in the centre — as all other remedies are said to be useless to prevent the petrs lands from being submerged

(2) Giving the bed of the Kattle (about 6 acres 29 guntas) to the restorer of the Kattle on west assessment as a set off compensation for the breaching of the Kattle & the restorer is said to be satisfied with this).

The only authority for breaching of Kattle is the consent of the restorer to the breaching of the same is a remark to that effect in the report of the DPW Sub Dn Offr.

In para 4 of (letter no 2965 9/11/93 (dated no 3 in the file) of the Dy Commr to the Collr on the DPW Sub Dn Officer's assurance that the restoration of the Kattle would not affect petrs lands, permission was

given for the restoration of the
Kattle. But the D.P.W
Sub Dn officer's attendance
has evidently been disproved
by Facts & Stat-officer himself
is now of a different opinion
and recommends the breaching
of the Kattle
It would be well, under the
circumstances, if a written
undertaking be taken from
the Petitioner agreeing to the
breaching of the Kattle & to
the foregoing of all claims
to Compensation - provided
of course the D.P.(comm.)'s proposals
are sanctioned
The Petr's second prayer to be allowed
to recover his losses &c is not clear (Petn No 1137 & Serial No 9 on the file)
Sd/ 5.2 (illegible)
(with reference & order on opposite)
MV 13/2/97

As to the Petr's request (Petn No 1006)
to have
the waste-weir removed from
his holding (noticed by the Genl
Asst (comm.r in his report), the D.P.
comm.r says nothing in the report-
probably because he considers the
breaching of the Kattle sufficient.

From,
The Deputy Commissioner,
Kadúr District.

To, The Chief Secretary to the
Government of Mysore.

Sir,

In reply to your Official Memorandum No. Patn 495 dated 22d 25th September last, forwarding for report Treasurer Raghavendrappa's petition appealing against my order of the 29th July 1893, giving permission to certain ryots to repair a dilapidated Kattè at the Sivagangé Village in the Tarikere Taluk, I have the honor to report as follows:-

1. In the Sivagangé Village there is a breached Kattè, measuring 6 acres and 29 guntas, which was numbered 13 at the Survey Settlement. It bears no assessment. This Kattè is neither included in the Tank Register, nor has it any cultivable area below it. The lands below this number, together with lands of 3 or 4 other different villages, are included in the Sekkad below the

Tarikere-Doddkere Tank, which brought on in the Tank Register. The Katte in Survey No. 13 is stated to have breached several years ago.

2. Behind Survey No. 13 referred to above, there is a garden land bearing Survey No. 12, and measuring 9 acres and 36 guntas, and which was formally acquired by one Hanumanth Row in the year 1892-93. One Channagiri Mallanna who is stated to have purchased this land from its holder Hanumantha Row, put in a petition on 5th June 1893 before the Tarikere Amildar praying for orders to restore the Katté (Survey No. 13) at his own expense, as his land, Survey No. 12, depended on it for irrigation.

3. Enquiries were made by the Amildar as to the advisability of restoring the Katté. A few people who were in favor of the restoration said that the breach had occurred about 8 or 10 years ago, and, if it is repaired, the petitioner's land could be well irrigated and cultivated. But the appellant's Mutsaddi in the Chattram at the Sivagangé village objected

General No. 296 / 1893-94
No.

Submitting proceedings with a report on the petition of T. Raghavendrappa Treasurer Kadur District Treasury praying that the repairs to a dilapidated Government tank by one Hanumantha Rao in the Sivanga village Tarikere Taluk may be stopped till orders are passed by Government on his present appeal against Deputy Commissioner's order No 114 dated 29th July 1893.

to the proper restoration of the Flats and that in general relation regarding the Boundaries to personalty, mortgages and passengers, declaring at the same time ~~and further that~~ that the Declaration in question changed certain lands belonging to the Appellant in the Village

4. On application of Respondent to the Court below and on the petition Emmanuel Maltzenos, praying for order to restore the State, Respondent the State and Lands alone and petition in opposition by the Company with the Sheriff, D. C. Officer, Petitioner, the said Division Officer having stated that the restoration of the State would not affect the Appellant lands, Respondent the following Order was and gave Judgment in favour thereto to the Appellant and the Intervenor

"The State in question is shown on the Survey Map, and certain of the Depositions and Documents produced (which were admitted) provided the Respondent within the limits shown on the Map. That all Appellants and Respondent to a large land owner in the Respondent's

"and is anxious to keep the appeal out. The petition is rejected as frivolous."

It is agreed that the order that the appeal is rejected.

5. Samanatha Rao and Ram. major Indrana agreed to the effect that they would waive the settlement giving the opposing decree, and that in view to the land, the appeal would not be determined. Samanatha Rao further undertakes to be responsible for any loss which may accrue to the appellant.

6. Subsequently the decree having been filed in by Samanath Rao and Indiana, the Court of the Collector of the Carnatic visited me on 1st September 823 to say that the appellant lands were not merged and that measures were should be passed. Therefore the Amildar was asked to make an early inspection and issue necessary orders in the matter.

7. As Jaya Rao returned to the Carnatic on September 15th, the

The

the opportunity of meeting the Cattle
and for _____ during the ensuing
Lambs destined to be immediately
delivered the parties interested to have
the Land of the State by a certain
Act arrangement stand that the
Lands of the Appellant herein not be
affected in any way.

8. A receipt thereof of official
Memorandum under this Act
Act subject to the Penalty to affect
all parties except the State.

9. As the State in question was
held a Tenant having no such
Act belonging to the Cultivation
therefore found to impede any
benefit Farmworth Row x
little, as the Village were in
favor of the Cultivation because
it is use to Man and Cattle, and
as the parties concerned agreed
a Penalty that they would
Repair the Fence and not to

Most Honored Sir

Enclosures 3.

I The undersigned humbly beg
to appeal against the order of the
Deputy Commissioner Kadur Dist
No 114 dated 29th July 1893 (herewith
submitted) regarding the repair
of a dilapidated Government
(Katte) No 13 by one Hanoomanth Rao
the Lingayat village of Tarikere
Taluk

2 There is a small Katte No 13
-ated in the Lingayat village
which breached several years
ago.

3 At the instance of one Hanu
manth Rao the Deputy Com
missioner ordered the repairs of the
above Katte to be executed at
his own cost

Canda under such taste and the
probable increase after restoration
(II) The Deputy Commissioner in
his Endorsement to me, states that
he has informed, Gavoumath
Rao to not to exceed the extent
of the quantity of water in the Katte
beyond that what is shewn in
the Survey Map for the water to stay.
But for repairing this tank to this
extent even, the Executive Engineer
ought to have been consulted which
is not been done.
(III) The Lands Nos 14 and 15 in the
Sivagunga village and No 35 in
the Mathenahally village in
lying to the east of the Katte
in question being situated on
the same level with the tank
bed will be submerged if the
flow of water on the western side
stopped by the construction
the Katte in question. The natural
Irrigation of gardens Nos 36 and 37 in
the vicinity having no room
flow will also result in serious

Sir,

With reference to Govern-
ment Proceedings No. 3465 dated
Pet. 1064
23rd December 38 & 12th January 39/41
I noted contrary to rules in order-
ing the evacuation of the lunatic
Kate at Kiriwagalore Village with-
out the sanction of Government.
I have the honor to state that
I did not think it necessary
to follow the procedure laid
down in Appendix E of the Land
Revenue Rules, as the unsettled

Matter

State in question was one with-
out any arbitrary decision at any
time.

As I feel doubtful about the
necessity or expediency of applying
the words of the stipulation to
lands not formed to be the
private property of any crimi-
nally circumstanced, I would
feel much obliged by being
enlightened on the subject.

ABSTRACT.

Reminder to his petn dated 15th ultimo with reference to Govt Endt no: 712-4 dated 23-12-93 / 12-1-94 informing him that the Govt is directed to lower the Kodi of the Kattes referred to in petn by 3 feet so that his land may not be submerged owing to the restoration of the breached Kattes no 13 also referred to in the petn. He submits that this arrangement does not do any material good to him since the whole of the water collected cannot be discharged freely

On the 26th ultimo the Deputy Commissioner & Assistant Engineer inspected the Kattes and ordered it would appear privately that the Kodi may be lowered one foot more.

Even this does not free his Kattes from submersion and therefore requests that the

Bengal Secretariat.

Respected Sir,

In continuation of my humble application submitted on the 15th ultimo with reference to the Government Endorsement No. 712 dated 31st December 1895 / 12th January 1896 received to me impressing that the Settlement Commissioner, Tarai, District has been directed to arrange for covering the Tonga Tate by three feet to prevent the possibility of any lands being cultivated by the resettlement of the Bhe raised Rattee Rs. 15 in the Division village of Tumlong, Sikkim, I most respectfully beg to bring to your honour's notice and humbly state that no material relief has yet been done to me. As the water-tillers

in the Platte cannot be freely discharged as the bed of the Platte has been located on an elevated ground in many places 4 to 6 ft above the surface of the water.

No contract or order has been given either from the Q. M. Department or from the Chief of Staff since the receipt of your letter.

On Saturday, morning of the 26th Colonel Dodge (Commissioner) the Secretary (Secretary Commissioner) and the Park Builder have disappeared, visited the Platte in question and the Q. M. Commissioner ordered a ferry to my house to ferry them over. The ground is very soft here and cannot bear much weight so that they may not be transported by the water of the Platte.

Under these circumstances I must respectfully solicit that early orders may be issued to remove the present bridge of the Platte altogether and to construct the same in a form so that the storage

M.G.C.P.B—19-2-95—1,000

(2). The applicant again complained that the lands were being submerged by the water of the Kati, that the Kati had done considerable damage to his garden lands. The Inspected the lands on 25.9.85 and gave the following order;-

"I inspected the ground that the Kadi only requires about deepening a foot more to drain the water off the land Complained of. This should be carried out as personally directed to the parties."

(3). The Minister of the Northern Island now perhaps that though written orders were given to eliminate hindrance from the owners of the Kati, he has not as yet lowered the Kadi

(4) As directed in para 2 of the Government order under reply, the Surveyor Director Commissioner was requested to have the petitioner's land and the Kati properly inspected

inspected by an Officer of P. W. D. which he has caused to be done by the 1st Division Officer of Pavilion. Copies of Report, received from the Sub Division Officer and of the General Assistant Commissioner are enclosed for information of Government. The General Assistant Commissioner Mr. Kumaraswamy Naidu states that there can be no question that the petitioners lands are being seriously damaged by the construction of the Katte, and that there appears to be no simple remedy for this state of affairs except by a lowering of the bund of the Katte in the centre. But this lowering of the bund will have the effect of rendering the Katte useless for any purposes of irrigation and as the members would thereby be put to much undesired loss, it is recommended that the bed of the Katte may be given over to him for cultivation, on condition of his having met assessment thereon. The petitioners will it appears be satisfied with this Concession and a slight increase of revenue will be received.

The appeal petitions of Mr. Raghavendrappa

Read:—

Letter No 540, dated 16th April 1894 from the Deputy Commissioner Kadur District, stating with reference to Government Proceedings No 10751 / Ret. 1034, dated 23rd December 1893, that he permitted the repair of the Kalle in Survey No 13 at Sivagange, Tarikere Taluk, without obtaining the sanction of Government, as, according to the account there was no achkat below it, and soliciting instructions whether the Rules in Appendix F, Revenue Rules, should be applied to Gokattes, similarly situated, and not proved to be the private property of any.

Order thereon No. 22524-31 / P. 2056. dt 19-6-94. 417.

The Government are desirous in view to prevent complaints of the kind brought to notice in connection with the Kalle referred to

No. 6 Sub Dist

SH

From

The Officer in Charge of
Mtwara Sub Division

To

The General Manager and Commissioner
Railways
Dar es Salaam

Dated Tuesday 9th November 1926

Sir,

With reference to your No: 36 dated 30.10.926 with enclosures, I beg to inform that I inspected the Mattay Mto: 3 of Chiwanga village in Company with the residents concerned yesterday. The bed area of the Matte at present proposed level of its natural weir is about 6 acres and the minimum & mean depth of the standing water is about 3/4 of a yard. Since the Capacity of the Mattay will be about 23 X 6 or 2.25 units. The extent of the land behind held by the residents of the Mattay is about 2 acres. But of this only

2 1/4

2 1/4 acres

2½ acres can be supplied with water from the Sutlej at its present capacity. But at the present reduced level of the water of the Sutlej, the Complainants' land is submerged by about 2½ feet water at its lower end over an extent of about 2 acres. During many reasons probably terrible the above extent will be submerged by water. In order to entirely relieve the Complainants' land from any submersion it seems necessary to reduce the present level of the water by 2' more for a length of about 2½ This can be done only at the head of the canal. Then the Sutlej will be entirely useless for any irrigation purposes. I therefore beg to express my humble opinion as follows:-

The land may be reserved at its lower level and the area of the land, viz: about 6 acres may then be given suitable cultivation at most reasonable rent to the restored by the Sutlej in Compensation to

the

above, that all applications for permission to repair tanks or ponds should be fully investigated and reported for orders, whether or not there is any ~~[illegible]~~ actual under them.

No: 25

57

From

The General Assistant Commissioner
Kaiser District

To.

The Deputy Commissioner
Kaiser District

Sir,

In forwarding herewith, in original, Sub
Division Officer's letter No: 5 dated
8/9 4th November 39, received in reply to the reference
made from this Office, in pursuance of in
structions contained in the Deputy Com
missioner's docket No: 6/5 dated 3rd October
last, in connection with the complaint of
Sri Rajamanickaya regarding the erec
tion of a Kutcha in Survey No: 5 of Sirigeri
village, Kaiser Taluk, I have the honour to
state as follows:-

2. Upon the above report of the Sub Division
Officer of Kaiser, it is clear, that in order
to entirely relieve petitioner Rajamanickaya

Contd

lands from any dimension the level of the waste-weir required to be further reduced by a foot, and that this reduction of the waste weir level, shall have to be done at the centre of the level.

3. The Sub-Division Officer being of opinion that the Khitty would then be rendered inutile for purposes of irrigation; Suggests that it may be levelled altogether, at its lowest bed level, and the area of the land given away to the recoverer of the Khitty for cultivation at wet assessment, in compensation for the loss that the latter would incur by breaching the Khitty.

4. According to the complaint of the petitioner, I beg to submit, that there are two questions to be decided in this case.

Firstly. Getting the waste-weir lowered by the restoration of the Khitty should level as will leave the petitioner's lands completely free from submersion.

Secondly. Assuming the present waste-weir allegation as it is said to have been constructed on the petitioner's land (site of the

the extraordinary village.

5. As I am not in possession of the entire case connected with the Trust in question, I beg to state, that I am unable to say whether the petitioners of the Trust had obtained the sanction of Government to the position of, under what conditions he was, for: mitted to the same, and, lastly whether Government were satisfied before accepting their sanction that the retention of the Trust Property would not interfere either with the existing rights of any tenants-in-: viduals or the safety of water supply: ment tanks concerned therein.

6. There can be no question that the petitioners' lands are being seriously damag: ed by the Construction of the Trust Bund which has not been completed, though encroached by three feet, seems to be still so high that, if it is broken, it would cause the submersion of about six acres of the petitioners lands during the rainy season.

The

The orders issued by Government in their Official Memorandum received with the Deputy Commissioner's letter mentioned above are however to the effect that the Khas land of the Khutay should be Cancelled & be leased by the Secretary of the Khutay to such a limit as will leave the petitioners' lands uninterfered with, if petitioners' complaints in this behalf have to be completely met, but a step to, the waste-lands on the private lands shall have to be cancelled & be removed as well.

7. If the Deputy Commissioner will be pleased to order both, or either of these things being done. Necessary steps will be taken to duly carry out the same. In case of pattas having been already granted to the petitioners of the Khutay, I think it would be a great hardship the readiness to reduce the Khutay to the same state as it was before, which he has to do

now

now, in order to give complete relief to the petitioner.

3. Under the special circumstances of the case, I beg to submit that as the petitioner of the Duffay would be put to much loss, by treating the Duffay, which seems unavoidable, the land of the Kattay may be given over to him for cultivation on condition of his paying the required cess assessment thereon, as suggested by the Sub-Division Officer of Pavilion.

4. The enclosures are herewith returned.

REG'D IN 1226 C.C.
DATE 18-9-96

(8)

The Secretary to the
Government of Mysore.
Revenue and General Department
Bangalore.

Honored Sir.

With reference to the Government Endorsement No: 772 dated 23rd December 1893 / 12th January 1894 informing me that the Deputy Commissioner is directed to arrange for covering the ~ Kodi of Katte by three feet to prevent the possibility of any of my lands being submerged owing to the restoration of the breached Katte no: 10 in the Eragange Village of Tarikere Taluk I most respectfully beg to represent that under the Government order no material relief has yet been done to me by covering the three feet and the whole water collected cannot be freely discharged as the ~ said

said Kodi has been located on an elevated ground. The mistake, I believe, is due to the fact that no professional Engineering officer were consulted as to, by what length, the Kodi ought to be lowered to prevent the inundation of my lands, portion of survey No: 4 measuring 5 acres and 24 guntas assessed at Rs: 17-1— and a portion of survey No: 15 measuring 2 acres assessed at Rs 5-3— making up a total of 8 acres and 24 guntas assessed at Rs 24-8— which I have been paying in vain for the last three years. During which period I have made several representations to the Deputy Commissioner and other Local officers that it is unjust on their part to demand for Kandayam amount while my lands have been quite submerged and thereby rendering it ~ thoroughly unfit for cultivation. Mis- Complaints were not at all heeded.

Not only the above said two wet lands have been thus made unfit for cultivation but also the produce of my

other tanners and my land no 39 and that land no 38 of Mallandaddy village are seriously damaged owing to the detention of storage of the water of the said tank during the above said times for a period of one or two months twice every year.

If this state of affairs should continue I am afraid that I would incur a heavy loss and I think I am equally entitled like any other landowner paying kist to receive a just redress for my grievance

When this tank was newly constructed to impound the storage capacity of water it was the duty of the Local officers to see before undertaking such repairs as that no damage is done or likely to be done to the surrounding cropyielding lands, which was not done.

Under these circumstances I respectfully beg that early orders may be issued to remove the present Kodi sluice kept in my land no 40 of the Mallandaddy

Village and to construct the same in a low ground so that the storage capacity of the Katte in question may be diminished. If this is done there will be the relief sought for.

Begging to be pardoned for the intrusion upon your valuable moments.

I beg to remain

Sir,

In continuation of my letter No: 487 dated 2nd instant submitting report on the petition of Mr T. Raghavendrappa, Treasurer, re Katte in Survey No: 13 in the Sivagange Village of the Tarikere Taluk, I have the honour to forward herewith an application since received from Mr: Raghavendrappa dated 22nd idem requesting that the bed of the Katte may be given over to him for cultivation and stating that he would compensate the vendee from the restorer of the Katte.

2. I am unable to agree in the view of Mr: Raghavendrappa (para 4) that the purchaser from the original restorer is entitled to no compensation, inasmuch as the purchaser may be presumed to have paid valuable consideration for his purchase. It may however be conceded that the purchaser is not entitled to the same amount of consideration as the original restorer,

Res- Submitted

Most Respected Sir

References further
for order.

In obedience to your [illegible]
dated 3rd instant
informing me that recommendation has
been made to Government that (Hirolli
the Katte No 3 in the Sivappa Village
of Tarikere Taluk should be resumed
the Centre so as to afford relief to me and
(See endg) that the land of the Katte be
given out to the Receiver for cultivation
as compensation for any loss that may
have been sustained by him in respect
the Katte, I humbly beg to submit
the following representations for your favourable
kind consideration

I am sorry indeed to give
notice for the kindness shown to me in
recommending to Government that the
Katte should be resumed in the centre
so as to afford relief to me and thus
enable me to cultivate land. As no
application has been received from any
person desirous to cultivate
and as I am the previous history of the Case

for confirmation as I have got the hereditary right over the entire village. In spite of my humble representation your honour should yet be disposed to compensate the said Mallamah I respectfully solicit that an estimate may be ordered to be framed for the actual cost of repairing the breached portion of the bund of the Katlen which had been undertaken by the original victor Ruson Haunmanth Ran, and I shall be prepared to pay up the amount which may be ordered to be paid to Mallamah as compensation.

And for this act of kindness I shall ever pray for honours long life and prosperity.

Dated 22nd February 1897
Chinnagatur.

I humbly beg to remain
Most Esteemed Sir
Your most obedient & humble
Servant,
M. Rayaloo Appa
Reddy

To The Secretary to Govt
in General and Revenue Dept

Dated 17th July
Despatched 19 July
Received

General No. 62
No.

Enclosure No nil

With reference to G.O. No
3377 dated 9th April 1896
forming orders regarding
the breaching of the Kattie
survey No. 3 of the Chin
gangenihalage Sanctuary
I beg that the honour to
report for the information
of Government that
on the representation
received of the Kattie com-
pelling in writing to pay
the net assessment the
undersigned has issued
orders to breach the Kattie
and to give over the bed

loss incurred by him in restoring the Kuttay.
By this arrangement not only the Government
will be profitted by an annual increase
of Revenue by about Rs 30 or so, but also
the Complaints of both the petitioner and
restorer will be pacified. By my personal
enquiry the restorer has given his Consent
to the above proposal

The land of the restorer behind the
Kuttay can also be irrigated by letting
water by a dam across the present
Coir kalla if he means to Cultivate it for
wet.

I beg to
Signed S Raghunath Iengar
No: 4 Rct Divisional Officer

Copy to

Deputy Commissioner
Kadur District

Copy to

inasmuch as an element of speculation may have been present in the transaction.

3. As it now appears that the original restorer has not to be dealt with, I am of opinion that the purchaser's rights might be compensated in the analogy of the principle of equity applying to purchasers of actionable claims (chapter VIII and Section 135 of Transfer of Property Act) that is to say by allowing Mr Raghavendrappa to discharge the claim by paying to the purchaser the actual price paid by the latter to the original restorer plus incidental expenses and interest from date of purchase.

4. While the above proposal would in my opinion meet the equity of the case, it is perhaps open to the objection that the arrangement cannot be enforced on the purchaser, in case the latter should object to receive the amount.

5. In the circumstances I think it advisable to adhere to my original proposal made in letter No: 489 dated 2nd instant. The proposal therein made, if sanctioned by Government, will not preclude Mr Raghavendrappa, from here. after settling the matter amicably with the purchaser, in some such manner as to

for cultivation.

2. It is reported by the Municipality of the Calumpit that the vendee is willing to allow water to the land under the Matte from the Balanac Canal, the adjoining net lands being irrigated from the same source.

Proceedings of the Collector

L.R. 83-93-17

Read :- Docket № 62 dated 17th July 1897 from the Asst. Commissioner Kadur District reporting with reference to Govt. Proceedings № 9017 dated P.764/96 9th April 1897 passing orders regarding the breaching of the Katte Survey № 15 of the Sira Gauje village, Tumkur Taluk that he has issued orders to breach the Katte and to give over the bed for cultivation to the vendee on his executing in writing to pay wet assessment, and that the vendee has also consented to allow water to the land under the Katte from the Dalavai Tank which irrigates the adjoining wet lands &c.

Order thereon :- № 1357 P.204-96 Sub-No 49

Dated, Bangalore, July 1897.

P.220

No: 1006-1137 Dated 30.7.97

(16)

81

L.R. 23-7-18

described on the above suggestion.

I have the honor to be

Sir

Your Most obedient servant

Deputy Commissioner

Kadur District.

In 1893 the then Deputy Commissioner, Hon. A. A. Sparkes, ordered the restoration of the Katte in question. This order was neither in conformity with the rules, nor was it approved of ultimately by Government. Records show that I have been repeatedly protesting against this order but the authorities were not kind enough to listen to any protestations although my case was one which required immediate redress. Consequently I had to incur heavy loss as detailed below since 1893 which amounts to Rs 338/- as follows:-

		acreage	assessment
(1) Annual Assessment for a portion of my submerged land (Survey No 14)	—	A. G. 6-24	Rs. as. p. 19-0-0
..... Do		15 2-0	= 5-8-0
	Total	ac 8-24	= 24 8-0

Thus for the past four years ie 1893-94 to 1896-97 it amounts to Rs 98-0-0 — 98-0-0

(2) The probable produce of the said two lands would be 24 candies of paddy for four years at an average rate of six candies for each year at Rs 10/- per candy } 240-0-0

Grand total Rs 338-0-0

4. Your honor has recommended to Government that Challamah the present holder of the land No 12 may be given the bed of the Katte as compensation for the loss he sustains in restoring this

47

I beg to represent that this Krallannah is not the actual restorer of the Katte but only the purchaser of land No. 12 from out Sirpore Hanmanth Rau who was the actual restorer of the Katte. Under these circumstances I again represent that Krallannah does not deserve any compensation whatever as he has sustained no loss.

5. This Sivagange village owes its existence to my father and uncle who spent in its formation large sums of money. Even now (except three cultivable lands) all the rest exclusively belong to me and are under my immediate control and enjoyment. I pay an annual assessment of Rs 4-31-12-4 to Government and all the lands around the bed of the Katte excepting land No. 12 are in my possession as said above. There are no other Government waste lands in the village.

6. If the bed of the Katte is given over to Krallannah my ryots in the village will have to experience great inconveniences and hardships. This fact may kindly be ascertained by personal inspection, if necessary.

7. I, therefore, beg your honour to kindly give me the bed of the Katte

Recorded.
